

ARE THE SHIITES REALLY JUST MUSLIMS?

79 REASONS WHY THE RAFIDHA ARE KUFFAR

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

The Islamiya Archive is an international network of the Da'wah to Tawheed which has made it its mission to translate or revise the most diverse literary works of Muslims. It is based on **license-free** books, but also on works written by carriers of Da'wah who have disappeared for unclear reasons from the public, with **no copyrights, copy and password protection and/ or similar** to their works (which only have arisen because of Da'wah and Allah جل جلاله). Nevertheless, the name and source of each work is mentioned, and texts written by us are marked as such, and may be translated without our knowledge, or the Da'wah may be printed on a large scale, however, with the works of our archive **no** money deserves, because neither the Deenul Islam belongs to us, nor the works of other Muslims we have revised.

The following work was published under the name „79 Gründe warum die Rafidah Kuffar sind“ (79 reasons why the Rafidha are kuffar) on al-muwahidun.de.

79 reasons why the Rafidha are kuffar

Here we quote from shia books and show the Kufr of the Shiites based on their own evidence. There are some statements that are very shameless. We apologize for having to quote such things; but to bring to light the whole truth about the Shiites this unfortunately also belongs to it. Because these are belief-doctrines of the Shiites.

1. We neither accept its Lord, nor do we accept the prophet of a Lord whose caliph is Abu Bakr (as). (Na3udhubillah). **[Anwaar-ul-Na'umania, 2/278 - Iran]**

2. None of the prophets (as) associated with the Prophet Hud (as) until he explained his belief in the error of Allah. (Na3udhubillah). **[Usool-ul-Kaafi, 1/265 - Iran]**

7. Muhammad (sas) and his (sas) descendants are omnipresent and omniscient, this is just their quality, not that of ALLAH (swt). (Na3udhubillah).

[Jila-ul-A'yoon, 2/85 - Lahore]

8. When Allah (swt) speaks about blessing, He does so in Persian, and when He speaks about persecution or punishment, He (swt) does it in Arabic.

[Tareekh-e-Islam, 163 - Lahore]
